READY

Clear a defensible space around your home.
Prepare an evacuation checklist of things to bring, including a Go Bag, important documents and animals.
Have an escape plan.

SET

Make a plan.
Build a kit.
Have a communications plan.

GO

Residents may be notified by phone or siren that evacuation is necessary.
Notify neighbors if possible.
Take your pre-made Go Bag and any pets or animals.
Safely make your way out of the area (see map other side).

Most importantly:
If you feel unsafe

If you are unable to evacuate:

In your home:
- Stay inside until fire passes with windows and doors closed but unlocked
- Keep family together and remain calm
- Remember if it is hot in your house it will be hotter outside

In your car:
- Park away from vegetation
- Roll up windows
- Cover mouth with dry cloth to protect airway
- Cover yourself with a blanket or jacket
- Stay in car until fire passes
- If car catches fire exit only after fire passes

On foot:
- Find an area away from vegetation
- Lie face down
- Cover mouth with dry cloth to protect airway

Returning home:
You will not be permitted to return home until a safety inspection has been conducted for residual fires, downed power line and other hazards.
Information will be available through the media, at road blocks and shelters.
